SPORTY

Classic good looks and perfect functions: SPORTY

The new, innovative **SPORTY** jumping bats and dressage whips with their trendsetting synthetic leather handles are a popular choice among people who spend time on tour going to various tournaments. Not only is there a timeless elegance in their appearance but they also feel great, offering the ultimate grip and the non-slip surface which is particularly important when competing in tournaments. The perfect balance provided by the **SPORTY** whips facilitates precision in the use of the riding aids and the desired stimulus. **An exceptionally chic and sporty whip for dressage and showjumping!**

EVO
LUTION

... the next generation! Ergonomics in perfection.

Innovation brings change: EVOLUTION

The new **EVO** whip handle developed by FLECK offers ergonomics in absolute perfection. With its variable, ergonomic grip zones, the **EVO** handle provides sensational control and enough space for the rider to hold the reins in the optimum position – and this is true for any hand size. In addition to the distinctive grip, the additional strength of the **EVO** handle lies in its versatility in showjumping, dressage and groundwork. An innovative handle designed and developed with experienced riders and trainers.

EVO – the next generation is at the starting gate!

NEW IN 2022/23

FLECK **Pocket**

High-tech carbon offering excellent value for money: **FLECK** Pocket

The innovative **Pocket** whips for professional and leisure use are robust, ultralight and extremely practical. A modern type of driving whip for one-horse carriages, pairs and four-in-hand carriages which is also a firm favourite with the professionals from the NEW VISION driving team. But **Pocket** whips are also eminently suitable for use as touchier whips for day-to-day groundwork. Their advantages include the slim X-tec handle for optimum positioning in the hand and the use of high-tech carbon for maximum stability and resilience combined with amazingly low weight. And the best feature of all is the telescopic function which allows the **Pocket** whip to be reduced to a compact size, taking up less space, and pulled out for use in a matter of seconds. Efficient, ultralight and compact – the new **Pocket** whips from FLECK – **the ultimate training equipment for drivers and instructors!**
